

Sports Speed Display

Unipars Sports Speed Display has been one of our most popular leisure products for a variety of sporting applications. From motor sport to football and tennis, our Sports Display has proved to be a cost effective and highly successful package.

Utilising large ultra bright LED numerals housed in a slim and lightweight weatherproof case, the display can be used in almost any environments. Setting up takes just minutes and once in place, operation is fully automatic for ease of use.

Supplied as a complete kit, the Sports Display comes with its own heavy duty stand, power pack & Charger together in a hard carry case for easy transportation and secure storage.

The display is widely used by football clubs, tennis clubs as well as being utilised in a variety of corporate and promotional events.
